

The Ultimate in Comfort, Convenience and Flexibility

AccessPoint[™]
Mobile Computing

TRUE ERGONOMIC DESIGN FOR THE ULTIMATE USER EXPERIENCE

- 1 Supports a wide variety of display options, including touch screens, all-in-one computers and monitors up to 20 lbs.
- 2 Large, open work surface features Microban® antimicrobial protection.
- 3 Ergonomic keyboard tray provides 10° of positive tilt, 20° of negative tilt, 180° of rotation and 7" of independent height adjustment.

- 4 Robust column design provides a stable platform to support your workflow and accommodate a variety of accessories.
- 5 Compact footprint and easy-roll casters provide maximum maneuverability in tight spaces and over thresholds.

Designed from the ground up to meet the Cornell University ANSI/HFES 100-2007 Human Factors Engineering of Computer Workstations ergonomic standards.

Microban® antimicrobial protection helps prevent the growth of stain and odor causing bacteria on the workstation. Microban® protection is not designed to protect users against disease causing microorganisms.

UNIQUE FEATURES

Fully-Adjustable Display Mount
Raise, lower, tilt, swivel or rotate the monitor to find the ideal viewing angle. A bifocal-friendly angle is available when needed. Monitor can also be lowered to provide enhanced visibility while traveling room to room.

Electronic Lift
Optional electronic lift mechanism provides strain-free adjustment for a keyboard height range of 23"- 48".

Integrated Footrest
Designed for maximum comfort and durability, the integrated footrest reduces fatigue allows nurses to relax in a more ergonomic position throughout the day.

Standard Keypad Controller
Easily power the computer on without IT involvement while providing access to battery level and task lighting.

Ergonomic Push Handles
Contoured handles provide easy maneuverability.

LED Task Lighting
Work surface and keyboard lights provide ample visibility when working in a patient room during night hours.

UNRIVALED CONFIGURABILITY FOR EASY INTEGRATION & RAPID DEPLOYMENT

Ready-to-integrate. Ready-to-deploy.

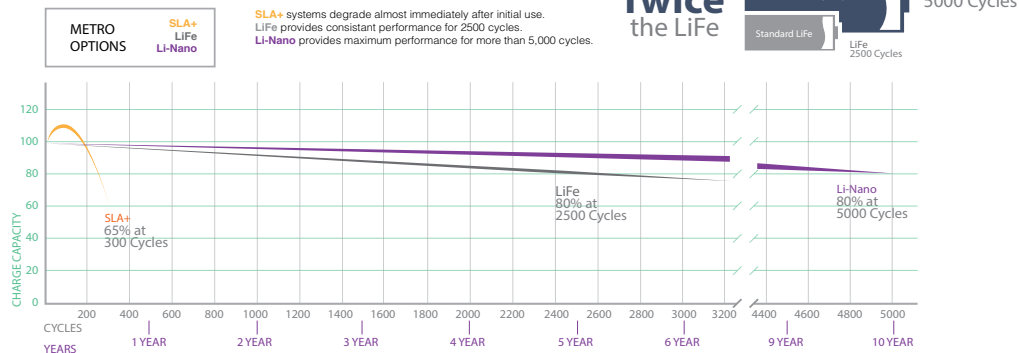

The innovative design of the Metro AccessPoint™ makes it easier than ever for IT and biomedical teams to integrate their own technology when time is of the essence.

Our new universal tech tray design accommodates technology from HP, Dell, Lenovo and more while expanding to accept laptops up to 17" for future upgrades. Also, the new tech tray features Wake-on-LAN/Wake-on-power capability, advanced wire management, and the ability to easily configure for AC or DC technology integration.

INDUSTRY-LEADING UPTIME WITH OUR NEXT GENERATION POWER OPTIONS

CHEMISTRY CYCLE COMPARISON
(with typical hospital usage)

With three different chemistry options, Metro AccessPoint has a power system to meet both your workflow and your budget. Our advanced power system also provides easy access for maintenance, upgrades and replacements. **Batteries are independent from the electronics so future replacements or chemistry upgrades will consist of a "battery only" replacement.**

Metro AccessPoint offers greater flexibility when it comes to your charging options. The new fanless charging mode reduces the circulation of dust, debris and other harmful contaminants while quietly recharging your system in 3 hours. The fast-charge mode can replenish a depleted power supply in as little as 2 hours.

Add your computer, monitor and accessories to complete your mobile computing solution.

AccessPoint core cart includes choice of power supply.

On-site integration options are available through our Metro ESP™ Enhanced Service Program

CORE CART SPECIFICATIONS

Work Surface Height Adjustment Range	23" - 48" (584 X 1219 mm)
Footprint	16.75" x 17.5" (425 X 445 mm)
Construction	Powder-coated, cast aluminum with Microban® antimicrobial protection. Anodized extruded aluminum column. Polymer work surface and touch points with Microban® antimicrobial protection.
Work surface	267 sq in (1723 sq cm)
Casters	Four swivel; two locking, two non-locking, low rolling resistance on all surfaces

POWER OPTIONS

AC Powered / DC Powered

Battery options	SLA+ Sealed Lead Acid	LiFe Lithium-Iron Phosphate (LiFePO ₄)	Li-Nano Lithium-Iron Nanophosphate
Battery life	300-400 cycles	2,500 cycles	5,000+ cycles
Battery Runtime (@35 watts)	12 hrs*	13 hrs*	13 hrs*
Charging status indicators	Continuous readout on LEDs; BatteryPro software	Continuous readout on LEDs; BatteryPro software	Continuous readout on LEDs; BatteryPro software
Recharge time Fast Charge (Fan) Silent Charge (Fanless)	4-6 hrs 4-6 hrs	2 hours 3 hours	2 hours 3 hours
5-year replacement	7	1	0
Battery capacity	540Wh	512Wh	512Wh
Input voltage	100 - 240 VAC @ 4.5 amps, max	100 - 240 VAC @ 4.5 amps, max	100 - 240 VAC @ 4.5 amps, max
Output voltage DC	10.5-16 V unregulated 12-24 V selectable 5-10 V selectable 120 V, 60 Hz, 150 W	10.5-16 V unregulated 12-24 V selectable 5-10 V selectable 120 V, 60 Hz, 150 W	10.5-16 V unregulated 12-24 V selectable 5-10 V selectable 120 V, 60 Hz, 150 W
Optional AC			
Power	150 W 200 W Peak	150 W 200 W Peak	150 W 200 W Peak
Battery Warranty	1 year	3 years	5 years

ACCESSORIES

Rear Push Handle
Waste Basket Holder
Hose Clip Organizers
Glove Box Holders
Universal Sharps Holder
1" Pole Holder
Triple Utility Hook
Utility Clip
Utility Basket
Small Supply Basket
Chart Holder

The information contained herein is correct at the time of publication. We reserve the right to alter specifications without prior notice.

*Actual runtime may vary depending on several factors such as technology configuration, battery age, usage pattern and power supply model/battery option. Runtime is based on continuous use using 35 Watts.

PEACE-OF-MIND WITH WARRANTY & SERVICE PLANS

5 YEAR WARRANTY

5-year mechanical and a 2-year electrical warranty standard.

METRO ESPSM

ENHANCED SERVICE PROGRAM

Metro understands how important uptime is to keeping clinicians efficient. So that's why we've designed service programs tailored to help you do just that. Only Metro knows our products like we do, down to every nut and bolt. Only Metro provides you with the factory authorized parts designed to work specifically with your equipment.

Integration & Deployment

Time is money... Metro has created a seamless process designed to get you up and running as quickly as possible. Certified technicians and professional support ensure proper installation of all your critical components and training of your staff.

Preventive Maintenance

Free up your valuable resources and get proactive... Preventive maintenance is a critical step to enhanced efficiency, and Metro helps you think ahead. Timed inspections by our trained and certified technicians will help lower your total cost of ownership and maximize the life of your investment.

Extended Warranty

Protect your investment and keep clinicians efficient... Safeguard your equipment against unplanned downtime. Extended warranty options and rapid response from Metro help increase system reliability and keep operating costs under control.
