KS-7210HS

Posiflex launches the fan-free KS-7210HS as an advanced communication-oriented healthcare infotainment terminal. The KS-7210HS impresses users by its communication functions and thoughtful design, accommodating handset, tilt-adjustable camera, Lan port/WiFi, finger print scanner and hotkeys. Within the mini case, it delivers powerful performance to run video call smoothly, while embodying flexible deployment with wall mounting kit. Above all, the front hotkeys includes volume, camera ON/OFF, service call, hand free call and home page that assists the disable or elderly to use without obstacle.

Optional bundled with 55Tone healthcare software, the KS-7210HS can offer a variety of entertainment, on-line communities, live diagnoses session, etc. It is convenient for service staff or user to communicate/call help and look for information at the same time.

The KS-7210HS with soft outline caters for information and entertainment in nursing home, hospital, call center, healthcare-related and surveillance markets, etc.

Built-in handset

Finger print scanner

Hotkeys and service button

Tilt-adjustable 2.0 M Pixels camera and can be hidden

Missed call LED indicator
